PERMANENT COLOR  
WITH MARINE CARE SYSTEM

# Sebelys

SEBELYS Color is your permanent coloring with ammonia, inspired by the infinite richness of the oceans and seas. Its formula with Mediterranean Algae Extract creates long-lasting colors with full gray coverage. Maximum care and protection for the hair fiber are guaranteed during the coloring process.

## **DIRECTIONS**

### **1. PREPARATION:**

Use appropriate gloves. Mix in a non-metallic bowl until a smooth cream is obtained.

# Sebelys

## 2. MIXING PROPORTION:

SEBELYS Color must be mixed exclusively with SEBELYS Cream Oxidant (10, 20, 30 or 40 volumes).

COLORING	MIX	PROCESSING TIME	LIFTING STRENGTH
Sebelys Color	1 + 1	35 minutes	10 Vol. = 1 level of lift 20 Vol. = 1-2 levels of lift 30 Vol. = 2-3 levels of lift 40 Vol. = 3-4 levels of lift
Sebelys Color Super Lighteners	1 + 2	45 minutes	30 Vol. = 3-4 levels of lift 40 Vol. = 4-5 levels of lift

# Sebelys

## 3. APPLICATION:

Apply on dry hair uniformly over the entire length of the hair to ensure good coverage of gray hair.

### 3.1. First application (virgin hair):

Apply the product on the lengths and ends using an oxidant with a volume one level higher. After 15 minutes, continue with the application on the roots and process for 35 minutes.

### 3.2. Color maintenance (regrowth retouch):

The application will depend upon the color condition of lengths and ends. Total processing time at the roots will always be 35 minutes and will be apportioned as follows:

COLOR CONDITION	OUTGROWTH	LENGTHS AND ENDS
Color hardly changed	25 - 30 min.	10 - 5 min.
Color moderately changed	20 - 25 min.	15 - 10 min.
Color very changed	10 - 15 min.	25 - 20 min.

*\*Technical tip: In the case of highly sensitive hair and very changed color, perform a prior pre-pigmentation.*

# Sebelys

### 3.3. Tone application by shade:

When coloring over natural hair that is gray, fashion shades may be mixed with shades with a natural or brown base of the same level. The proportions of the mixture will be as follows:

% GRAY HAIR	HIGHLIGHTS		
	GOLDEN & BROWN	ASH & IRIDESCENT	COPPER, RED & VIOLET
Up to 50%	Apply directly desired shade		
50% to 70%	Apply directly desired shade	Mix 1/4 tube of natural shade with the same tone level	Mix 1/4 tube of natural shade with the same tone level
More than 70%	Mix 1/4 tube of natural shade with the same tone level	Mix 1/2 tube of natural shade with the same tone level	Mix 1/4 to 1/2 tube of natural shade with the same tone level

# Sebelys

**3.4. Super-lightening tones (Series 11 and 12):**

Apply the super-lightening shades abundantly to obtain optimum lightening.

APPLICATION	ROOTS	LENGHTS AND ENDS
First application Subsequent applications	10 - 15 min. 35 min.	35 - 30 min. 10 min.

**4. FINAL TREATMENT:**

Once processing is complete, emulsify the color by gently massaging it with the help of a little warm water. Rinse thoroughly. Finally shampoo the hair with acid shampoo to neutralize alkalinity and fix the color molecules in the hair increasing the durability of the final result.

## **PRECAUTIONS FOR USE:**

HAIR COLORANTS CAN CAUSE SERIOUS ALLERGIC REACTIONS. PLEASE READ AND FOLLOW THE INSTRUCTIONS.

This product is not intended for use on persons under the age of sixteen. Use appropriate single-use gloves during the preparation, application and rinsing of the product.

### DO NOT USE THE HAIR DYE:

- . If you have a rash on your face or have a sensitive, irritated or damaged scalp
- . If you have ever experienced any type of reaction after coloring your hair
- . If you have ever experienced a reaction to temporary "black henna" tattoos

# Sebelys

## **ALLERGY TEST:**

IN ALL CASES, IT IS OBLIGATORY TO CARRY OUT A TEST OF CUTANEOUS ALLERGY 48 HOURS BEFORE EACH APPLICATION OF THIS COLORING PRODUCT.

The test should be carried out on a small surface of 1 square centimeter on the inside of the elbow or behind the ear. Using a piece of cotton wool, apply a small amount of coloring product. Close the tube carefully. Wait 48 hours without washing, covering or touching. In the event of an adverse reaction such as itching, redness, burning or irritation during application or within 48 hours, rinse immediately and do not use the product. Before coloring the hair again, your clients should consult and follow the advice of a doctor.

## **PRECAUTIONS:**

Only for professional use. Rinse hair thoroughly after application. May produce an allergic reaction. It is advisable to carry out a sensitivity test. Do not use to dye eyelashes or eyebrows. Avoid eye contact. Immediately rinse the eyes if the product comes into contact with them. Keep out of the reach of children. Do not exceed the exposure time. Carefully follow the instructions for use.
